

## THE ROLE AND WHAT TO EXPECT

- Delivery of the detailed electrical designs inclusive of calculations and specifications as well as comprehensive drawings, utilising EPlan and AutoCAD software
- Client liaison and interpreting clients' requirements to provide engineering and costed documented proposals where necessary. Producing design specifications when required
- Provide electrical engineering support ensuring that technical standards are being applied through critical examination of design submissions
- Provide technical advice within area of expertise
- Ensuring a project is fit-for-purpose and adheres to the project budget and schedule.
- Ensuring all relevant safety objectives and legal requirements are observed for Control & LV Electrical Switchgear Panels and Cabling Installations.
- Project control electrical engineering designs and supporting technical and commissioning services.
- Where required, taking responsibility for a team of engineers and training/mentoring junior engineers.
- Where necessary, evaluating, organizing and prioritising work being carried out to support business development activities.
- Successfully create and lead complex construction/project bids to new and existing manufacturing sector clients

## WHAT YOU WILL NEED TO SUCCEED

Currently operating at a senior stakeholder level (MD & CEO) where a clear influence in decision-making is key. Ideally having a background in the pre/construction arena or similar level of experience in UK manufacturing construction.

## ABOUT ADI GROUP

adi Group is a large, multi-disciplined, privately owned engineering company offering a single source, integrated service to provide Totally Engineered Solutions. Founded in 1990, the group specialises in supporting the manufacturing sector in the UK & Ireland, through 16 limited companies and over 20 service divisions. Enjoying exponential growth over the last three years, the Group has seen its workforce increase by 50% to over 500 employees and is expected to double in size by 2020.

## WHY WORK FOR US

Whether you work at our flagship head office, at one of our 11 regional offices, or at one of our client residencies, a job at adi is fast-paced and promises variety, progression and opportunity.

We are dedicated to creating a winning team with a strong work ethic, a commitment to excellence and above all, a passion for engineering.

## HOW TO APPLY

If you are a professional hands-on, self-motivated and team focused individual who is reliable and flexible in their approach to work with a keen eye for accuracy and attention to detail – we want you!
