

Packing Hall Refurbishment

 **Andover**

 **£3.2m**

 **1 year** (6 phases)

Working for this tea supplier, this project was to convert the existing 1960s packing hall into a new clean room packing hall facility with a first floor plant room.

Works included:

- Installation of new steel mezzanine floors
- Installation of new bespoke atrium to form the roof between the packing hall and the plant room
- Armstrong acoustic and PVC tiles to lower level ceilings
- Kingspan hygienic wall linings and column casings
- Hygienic single entry doors & electronic opening double doors for material movement.
- Resin floors
- A full bespoke electrical and mechanical package

We delivered the project on time and to budget and, as a result of the quality of delivery, we were awarded additional works prior to completion:

We also engaged with other adi Group companies, including

- adi Mechanical
- adi Electrical
- adi Projects
